Colonial Secretary's Office,
Cape Town, 17th November, 1906.

HIS Excellency the Governor, with the advice of the Executive Council, has been pleased to approve of the subjoined Regulations, framed by the Board of Trustees for the management of the Cala Public Cemetery, under the provisions of "The Cemeteries Act, 1883."

NOEL JANISCH,
Under Colonial Secretary.

CALA PUBLIC CEMETERY.

Rules and Regulations.

1. Certain portions of the general Cemetery shall be set apart for certain religious denominations, and each of such certain portions shall so far as religious ceremonies connected with the burial of the dead are concerned be under the control of the religious denomination for whose use it shall be set apart, but all other matters such as the erection of mortuary chapels, tombstones, positions of graves, etc., shall remain under the control of the Trustees, as provided for in the Cemeteries Act, 1883.

2. Any private individual desirous to have an allotment or allotments in any of the portions so set apart, may apply to the Trustees who may sell, lease, or otherwise dispose of or give such allotments as are desired, but such allotments shall in all cases be sold, leased or given subject to such regulations regarding religious ceremonies as the religious denominations shall, with the approval of the Trustees, determine.

3. Each plot shall be ten feet by ten feet, and each half plot shall be five feet by ten feet.

4. The price of each plot or half plot shall be according to the annexed scale, and each purchaser of a plot or half plot shall be furnished with a certificate in the form annexed describing the burial place so purchased.

5. No sale of any allotment in the Cemetery by the proprietor of such allotment shall be competent without the consent of the Trustees, nor shall such proprietor be entitled to inter strangers in his or her ground without such consent, nor shall such proprietor be entitled to bequeath such allotment to a stranger or strangers without such consent.

6. Notice must be given to the Superintendent of an interment as early as possible and not later than 6 o'clock of the day immediately preceding the day fixed for such interment. Such notice shall be given by filling up and subscribing a form to be obtained at the office of the Superintendent, stating the name, age, residence, trade, or occupation, if any, of the deceased, and the date of death, as also the date fixed for the interment, and every such notice shall be accompanied with a medical certificate, stating the cause of death. The necessary orders for digging the graves will be issued upon payment of the charges. Undertakers shall not give directions to or in any way interfere with the servants of the Board of Trustees before or after the coffin is laid in the grave.

7. No grave shall be less than six feet in depth, and no coffin shall be nearer to the surface of the ground than four feet, and no grave in which a coffin has been laid shall be allowed to be opened within ten years after the last interment therein without the special consent of the Board of Trustees, or an order from the Resident Magistrate which last mentioned order shall only be granted in cases where such exhumation is desired for judicial purposes. No more than two full sized coffins shall be allowed to be placed in one grave unless at first opening the grave shall have been made of an extra depth, nor shall any coffin be permitted to be removed from any grave with the view of making room for a new interment.

8. No mound shall be permitted in any part of the Cemetery, and no planting, tomb, monument, inscription, rail, fence, chain or erection of any kind whatever shall be permitted to be erected, save with the approval of the Board of Trustees, to whom a special written statement and drawing of what is proposed shall be submitted for approval.

9. Proprietors of plots shall keep all tombstones, monuments, rails, chains and decorations in good order and repair, and should they fail to put the same in good order and repair after one month's notice given to the proprietor, or the agent or executor of the proprietor, the Trustees may either have the same done or cause the tombstone, monument, rails, chains and decorations to be removed at the expense of the proprietor and recover the cost of doing so from him or his estate, and no further interment shall be permitted in such plot until such expense be first paid.

10. No hewing or dressing of stone nor operations of any kind will be permitted within the Cemetery or in the approaches thereto, except with the sanction of the Board of Trustees, and such operations shall be subject to the directions of the Superintendent.

11. All burial places shall be covered with grass or turf unless sanction to the contrary shall be given by the Board of Trustees, and where such sanction shall be given, and flowers, shrubs or plants shall be allowed upon the ground, the proprietor shall either maintain the same at his own expense, or shall pay the Trustees for keeping his ground and the plants therein in order at a rate to be fixed by the Trustees, which shall be paid to the Superintendent for the Trustees. The Trustees shall have the power to maintain plants or to remove the same if they shall be of opinion that by the spreading of roots or branches injury may be done to the adjoining ground or memorial.

12. The cartage and conveyance of all stones, monuments, and other articles to or from the ground shall be subject to the directions of the Superintendent, to whose control the workmen employed in such cartage, and upon the erection of tombs, monuments, and other erections shall be subject, and he shall, under the direction of the Trustees, regulate the hours of admission and departure.

13. The grounds shall be open to the public every day during such hours as the Trustees may determine. All visitors shall enter or depart from the grounds by the entrance gate or gates, and shall confine themselves to the walks, and shall on no account pass therefrom to or upon the shrubs and flowers or grass, or injure, pluck, or remove any shrub, tree, or plant, and the Superintendent or the person in charge for the time being shall be entitled to remove any person or persons who shall conduct themselves improperly, and may prevent persons from entering at prohibited times. Any person contravening this regulation shall be liable to a penalty not exceeding ten pounds. The Superintendent may allow horses and vehicles to enter the Cemetery, but dogs shall on no account be admitted.

14. No gratuity of any kind shall be offered to or received by the servants of the Trustees or any person in their employ, and such servants shall at all times be under the order and control of the Trustees acting through the Superintendent.

15. The Trustees shall have the power to alter all or any of the Rules, Regulations, and Fees when they shall see fit and enact others in their place.

16. In the construction of these regulations the following words and expressions shall have the meaning hereby assigned them.

"Allotment" shall mean the exclusive right of burial in any plot.

AT QUEENSTOWN, on Saturday, 22nd December, 1906.

Each Lot will be put up at the upset price fixed, and the highest bidder who shall have offered not less than such upset price shall be declared the purchaser, and every such purchaser shall have the option of paying either the whole or a part of the purchase money on the day of sale: Provided:

(i) That if no payment be made on the day of sale one-tenth of the purchase price shall be paid at six and one-tenth at twelve months from the day of sale.

(ii) That if less than one-tenth of the purchase price be paid on the day of sale, the balance of such one-tenth shall be paid at the expiration of six months, and the remaining one-tenth at the expiration of twelve months from the day of sale.

If the purchaser be desirous of holding the balance of the purchase money on mortgage as above, he will be required to pass the Bond within thirteen (13) calendar months from the day of sale, failing which, a fine of one shilling will be imposed for every day allowed to pass beyond it, up to eighteen months from the date of sale, after which, should such failure still continue, the balance of the purchase money, with interest thereon, and the amount of the fine, if any, so imposed, shall forthwith become due and payable, and shall be recoverable in any competent court of law without further notice, and if not paid within one month after the date of judgment, the sale shall become null and void, and payments already made in respect thereof shall be forfeited to the Government.

EDWARD THE SEVENTH, by the Grace of God, of the United Kingdom of Great Britain and Ireland, and of the British Dominions beyond the Seas, King, Defender of the Faith, Emperor of India.

To the Sheriff of the Colony of the Cape of Good Hope, or his lawful Deputy.

GREETING!

WHEREAS upon Petition of THOMAS MULLINS DUNCAN, JACOBUS CUYPERS and Sir HENRY HUBERT JUTA, in his capacity as Executor Testamentary in the Estate of the late Louise Juta, trading together under the style or firm of J. C. Juta and Company, of Cape Town, it appears to us that EVEREST JOHN MARTO (*alias* MUNROE) of Beaufort West, is justly and truly indebted to the said Petitioners in the sum of £125 1s. 2d., for goods sold and delivered.

And whereas it further appears to us that the said EVEREST JOHN MARTO (*alias* MUNROE) had clandestinely left his dwelling-house and departed by the "S.S. Galician," which left for England on the 12th day of November, 1906, and that he had made no provision for the payment of the Petitioners' debt or any part thereof, nor had he authorised any person to do so; and also that the said EVEREST JOHN MARTO (*alias* MUNROE) had left his dwelling-house and departed from this Colony with the intent to defeat or delay the Petitioners and his other Creditors in obtaining payment of their debts; and that in consequence thereof the said EVEREST JOHN MARTO (*alias* MUNROE) had committed an act of insolvency.

Whereupon the said Petitioners prayed that the Estate of the said EVEREST JOHN MARTO (*alias* MUNROE) might be sequestrated for the benefit of the Creditors thereof.

And whereas it further appears to us of record that the Right Honourable Sir John Henry de Villiers, Chief Justice of Our said Colony, did, by an Order under his hand bearing date the 27th day of November, 1906, place the Estate of the said EVEREST JOHN MARTO (*alias* MUNROE) under sequestration in the hands of the Master of the Supreme Court until the same should be thereafter adjudged to be finally sequestrated.

Now, therefore, we command you that you summon the said EVEREST JOHN MARTO (*alias* MUNROE), lately of Beaufort West, that he appear before Our Judges of Our Supreme Court of Our said Colony, at Cape Town, on the 12th day of December, 1906, at 10.30 o'clock in the forenoon, to show cause, if any, why his Estate should not, by sentence of the said Supreme Court, be adjudged to be sequestrated for the benefit of his Creditors, and effect service of this summons by affixing a copy hereof on the outer door of the Honourable the Supreme Court, and return you this summons immediately after the service thereof with whatsoever you have done thereupon.

WITNESS, The Right Honourable Sir John Henry de Villiers, K.C.M.G., P.C., Our Chief Justice of Our said Colony, at Cape Town, this 3rd day of December, 1906, in the Sixth Year of Our Reign.

(Sgd.) C. CURRIE,

Landmeter-Generaals Kantoor,
Kaapstad, 31 October, 1906.

OVEREENKOMSTIG artikel 4, Wet 26 van 1891, als verder bekrachtigd door Wet 18 van 1897, wordt hiermede kennis gegeven dat de volgende stukken Kroonland, gelegen in de Afdeeling Kenhardt, bij publieke opbod, te huur aangeboden worden zullen voor het kantoor van den Civielen Commissaris te Kenhardt, om 10 uur 's voormiddags, op Vrijdag, den 18 Januari 1907, onderhevig aan de Voorwaarden en Bepalingen hierna te worden genoemd, en verder aan zulke condities als op den verkoopdag mogen vermeld worden.

De grond zal voor een termijn van niet minder dan een jaar en niet meer dan vijf jaren aan den hoogsten bieder verpacht worden.

De algemeene voorwaarden van de verpachting zijn als volgt:—

1. Een jaar huur zal den Civielen Commissaris op den dag der verpachting betaald worden, en als de pachttijd meer dan een jaar zal zijn, zal de gereedelijke betaling van de huursom vooruit voor het volgende jaar of de volgende jaren door goedgekeurde borgen verzekerd worden: mits echter dat de Civiele Commissaris twee jaar huur vooruit mag ontvangen, in welk geval genoemde borgstelling niet noodig is.

2 De Regeering behoudt het recht de pacht te eindigen, mocht het dienstig geacht worden den grond te verkoopen of andere omstandigheden het te eeniger tijd noodig of dienstig maken, op twee maanden kennisgeving; en in zulk een geval zal de huur, betaald voor een nog niet afgeloopen deel van het loopende jaar, aan den huurder terugbetaald worden.

3. Gouvernements landmeters, bezig met het opmeten van Kroon of anderen grond met hunne assistenten en bedienden, zullen ter alle tijde recht van toegang hebben, tot alle deelen van den verhuurden grond voor professioneele doeleinden en het recht om eenig deel van het land te gebruiken en hun vee en paarden te weiden op alle weiden en water te geven uit alle waters.

5. Het reizende publiek zal het recht hebben uit te spannen langs eenigen weg loopende over land aldus gepacht.

6. Het recht om te zoeken en graven naar erts, metalen, delfstoffen, of edelgesteenten is aan de Regeering of aan alle door haar gemachtigde personen voorbehouden, behalve in zoo ver als zulk recht de rechten en privilegien van gezegde huurders ten opzichte van edelgesteente en delfstoffen moge beperken, als bepaald bij eenige wet te dien opzichte.

7. De Regeering neemt niet op zich eenige baken aan te wijzen. De beschrijving van het stuk grond zal op den pachtdag gegeven worden, en de huurder zal daarop verwacht worden de uitgestrektheid van het door hem gehuurde land te vinden.

11. De huurder zal den grond of eenig deel daarvan niet onder verhuren, of eenige gebouwen daarop, zonder dat eerst de schriftelijke vergunning de Regeering verkregen is.

12. De huurder zal zijn pacht geheel en volstrekt verliezen op het breken van eenige hem bindende voorwaarde.

13. De Regeering behoudt zichzelve het recht voor om het aantal personen te beperken, die op den hierbij verhuurden grond mogen wonen gedurende het bestaan van de pacht, en om, op aanbeveling van den Afdeelingsraad na behoorlijk onderzoek ingesteld met medeweten van den huurder, hetzij zoodanig aantal personen te verwijderen als zij te veel moge oordeelen, of de pacht nietig te verklaren als haar billijk onder de omstandigheden moge voorkomen.

14. Het bewonen van grond onder deze huur zal niet beschouwd worden *bona-fide* occupatie te zijn onder de bepalingen en voor de doeleinden van artikel 20 van Wet No. 40 van 1895.

15. *De Pachter zal geen recht hebben om wilde struisvogels te dooden, vangen, jagen of verwonden of de eiers te nemen, weg te halen, of te verstoren behalve onder eene licentie uitgegeven onder Wet* 33 *van* 1889 *of zoodanige dergelijke Wet.*

16. Het Gouvernement behoudt zich het recht wanneer het noodig wordt gevonden, om een Politie Station op te richten op het land mits deze verpacht met vrij grazen en water voor Politie Paarden.

Andere voorwaarden mogen op den koopdag genoemd worden.

De zegels die volgens Wet 20 van 1884, aan het huur kontrakt moeten gehecht worden, zullen vrij van onkosten door de Regeering aan den huurder verschaft worden.

Surveyor-General's Office,
Cape Town, 2nd August, 1906.

AN Examination in the "Practice of Land Surveying" will be held at the respective Offices of the Surveyors-General of Cape Colony, Transvaal and Rhodesia, beginning on the second Monday in March next.

This Examination will be conducted by an Examination Board consisting of the Surveyors-General above-mentioned.

Candidates who have satisfied the Examiners in the subjects covered by the Examination will not be required to pass further tests in those subjects in Cape Colony, Transvaal or Rhodesia, but, before being admitted to practise their profession in any of these Colonies, may be required at the option of the Surveyor-General of that Colony to undergo a further examination in the laws and regulations appertaining to the survey, registration, alienation, and transfer of lands within such Colony.

The examination is divided into two parts. Before being admitted to Part II. every candidate will be required to lodge with the Surveyor-General to whom he makes application, a certificate to the satisfaction of the Board of Examiners that he has had not less than two years' experience in South Africa with a qualified Land Surveyor in the practice of Land Surveying.

Candidates desiring to be admitted to this examination must send in written applications to that effect to the Surveyor-General of either of the three Colonies.

In these applications candidates must state their full names, and must also forward the certificate of the University of the Cape of Good Hope of proficiency in the Theory of Land Surveying; they must further state definitely at which centre (Cape Town, Pretoria or Salisbury) they desire to sit for the examination.

An entrance fee of five guineas (£5 5s. 0d.) is payable in connection with the examination, and must be paid on or before the 15th February, 1907, to the Surveyor-General to whom the application is made.

N.B. Candidates who have passed Part I. or the whole of the Examination in the "Theory" prior to the date of this Notice, will be permitted to take Part II. of the Examination in the "Practice" in any year up to and including 1909 *without having previously served for two years with a Government Land Surveyor, but it must be clearly understood that licences so obtained will not entitle the holders to practise in the Transvaal or Rhodesia. Intending candidates are strongly recommended to pass the full period in gaining experience both in office and field-work with Government Land Surveyors before qualifying.*

In future Part II. of the Examination will be held as soon as convenient after Part I. in each year, and must be completed by the 30th June in that year.

A. H. CORNISH-BOWDEN,
Surveyor-General.

HIS Excellency the Governor, with the advice of the Executive Council, has been pleased to approve of the subjoined amended Bye-laws framed by the Port Elizabeth Harbour Board under Section 19 of the Explosives Act No. 4 of 1887, to regulate the landing, shipping, and transhipping of Explosivies at that Port.

WM. A. COLLARD,
Assistant Treasurer.

AMENDED BYE-LAWS

(Framed by the Port Elizabeth Harbour Board under Section 19 of Explosives Act, 1887).

Explosives Regulations.

Importing and Landing.

1. The Master of every vessel conveying Explosives shall, on arriving at this Port, either by himself or his Agent, at or before the time of arrival of such vessel, give notice in writing to the Harbour Board that certain quantities of Explosives, correctly specifying them, are on board.

2. All vessels with Explosives on board while within the limits of the Port shall hoist a Red Flag at the fore by day ("B" International Code) in size not less than four feet by three feet, and a Red Light by night, and these shall be exhibited during the time vessels having Explosives on board shall remain in the Port.

3. All vessels with Explosives on board shall be anchored at such places as shall be appointed by the Harbour Board. The berths for such vessels will be pointed out by the Harbour Master, and they must remain anchored in those berths as long as any Explosives remain on board.

4. During the time vessels are discharging Explosives at this Port they are not permitted to work any other cargo.

5. In the event of any vessel with Explosives on board for other Ports requiring such Explosives to be discharged temporarily into a lighter at Algoa Bay so that the vessel herself may take up a discharging berth among the shipping, leaving the lighter at the Explosives anchorage, permission for the removal must first be obtained from the Chief Government Inspector of Explosives, or his deputy, and authority for the particular lighter to be used must also be obtained from the Harbour Master, who shall satisfy himself that the lighter is efficient for the purpose.

6. The Master of every vessel with Explosives on board (other than gunpowder, cartridges made with gunpowder, percussion-caps, and fireworks), is prohibited from delivering them out of his vessel to any person who does not hold a licence from the proper authority to import such Explosives. The Master is, therefore, bound to demand production of such licence, or a certified copy, before delivery takes place, either for landing or transhipping.

7. No Explosives will be allowed to be landed from any vessels arriving at this Port until the Chief Government Inspector of Explosives, or his deputy, shall have certified to their being safe to handle, nor until the consignees or agents shall have obtained the authority of the Harbour Board, in writing, for such landing.

8. The Chief Government Inspector of Explosives, or his deputy, shall be conveyed to and from vessels having Explosives on board for this Port at the expense of consignees. The Masters of such vessels shall also provide facilities for obtaining such samples of the Explosives which it is desired to land as the Government Inspector of Explosives shall require.

9. All Explosives for this Port must be accompanied by one or other of the following certificates :—

(*a*) If exported from Great Britain, a sworn certificate by a qualified chemist must accompany the application to land, stating that the Explosives have been properly manufactured under Government Licence, in accordance with the Board of Trade Regulations and that when shipped they were in good condition and properly packed, and could be safely handled in the Tropics.

(*b*) If exported from a foreign port, the application to land must be accompanied by an official certificate stating that the Explosives have been manufactured under a licence of the Government of the country from which they are exported, and by a further sworn certificate from a qualified chemist to be approved by a British Consul-General, that the Explosives have been properly manufactured, and can be safely handled in a Tropical climate, and that when they were shipped they were in good condition and safely packed.

10. The Master of every vessel conveying Explosives is prohibited from discharging out of his ship or landing any cases or packages containing Explosives found on arrival or on breaking bulk to be leaky or in any way damaged, until authority has been obtained from the Harbour Board, and he shall forthwith report to the Harbour Board in writing the particulars of the cases or packages so found to be leaky or damaged.

11. All boats conveying Explosives must proceed direct from the ship to the Explosives anchorage or to the appointed landing-place without deviation or delay. Boats carrying Explosives, and which may be at anchor, must exhibit a Red Flag.

12. No passengers are to be carried on board any boats either wholly or partly laden with Explosives.

13. No fire or lights of any description are to be allowed on board boats conveying Explosives, nor are the persons working them allowed to smoke, or have about their persons any fusees, matches, or any other combustibles, or to wear boots or shoes with iron nails or tips.

14. Blasting Gelatine Dynamite, Crude Dynamite, Gun Cotton, and all similar compounds, Bengal Lights and Gunpowder, shall be landed at the Creek Jetty at North End or other place properly authorised by the Harbour Board. Cartridges, Percussion Caps, Detonators, Rockets and Fireworks (exclusive of Bengal Lights) may landed at either of the Harbour Board Jetties.

EXPORTING, SHIPPING AND TRANSHIPPING.

1. Special arrangements in general conformity with the above Regulations as to landing must in every case be made for Shipping and Transhipping, and suitable permission obtained from the Harbour Board.

2. During the time vessels are receiving Explosives at this Port they are not permitted to work any other cargo.

Penalties for contravention of Explosives Bye-Laws.

The penalties to be annexed to any breach or attempt to commit any breach of any of the foregoing bye-laws may be all or any of the following penalties, and may be imposed on such persons and graduated in such manner as may be deemed just according to the gravity of the offence and according as it may be a first or second or other subsequent offence, that is to say, pecuniary penalties not exceeding twenty pounds for such offence, and ten pounds for each day during which the offence continues, and forfeiture of all or any part of the Explosives in respect of which, or found in the ship, boat, or carriage in respect of which, the breach of bye-laws has taken place.

In the event of any breach of any of the foregoing bye-laws in the case of any ship, boat, carriage, or Explosives whether there has or has not been any conviction for such breach, it shall be lawful for the Harbour Master, or any person acting under the orders of the Harbour Board, to cause such ship, boat, carriage or Explosives, at the expense of the owner thereof to be removed to such place or otherwise dealt with in such manner as may be in conformity with the bye-laws, and all expenses incurred in such removal may be recovered in the same manner as a penalty under this Section, and any person resisting such Harbour Master or Officer or other persons in such removal shall be liable to the same penalties as a person is liable to for obstructing the Harbour Master in the execution of his duties.

OVEREENKOMSTIG artikel II., Wet No. 15 van 1887, zooals geamendeerd door artikels IV., V., en VI., van Wet No. 40 van 1895, wordt hiermede ter algemeene informatie bekend gemaakt dat de volgende Erven bij publieke veiling te koop aangeboden zullen worden voor het Kantoor van den Civielen Commissaris, Calvinia, om 10 uur v.m., op Woensdag, 13 Februari 1907, onderhevig aan de voorwaarden en bepalingen in bovengemelde wet en de algemeene koop-condities uiteengezet, en verder aan zulke voorwaarden als op den verkoopdag mogen genoemd worden.

Geen persoon of maatschappij mag meer dan twee (2) *Bouw Perceelen of twee* (2) *Landbouw Perceelen koopen, evenmin mag hij Perceelen aldus gekocht verkoopen aan iemand die reeds de houder is van twee Bouw Perceelen of twee Landbouw Perceelen.*

Ieder Lot zal te koop geboden worden tegen den vastgezetten inzetprijs, en de hoogste bieder, die niet minder dan dien inzetprijs zal geboden hebben, zal de kooper verklaard worden, en zoodanige kooper zal de keus hebben of het geheel of een deel van de koopsom op den koopdag te betalen: Mit dien verstande:

(i) Dat, als geene betaling geschiedt op den koopdag een-tiende van den koopprijs betaald worden zal op zes maanden en een-tiende op twaalf maanden, gerekend van den verkoopdag.

(ii) Dat, als minder dan een-tiende van den koopsom op den koopdag betaald wordt, het overige van zulk een-tiende betaald worden zal na verloop van zes maanden, en het andere een-tiende na verloop van twaalf maanden, gerekend van den verkoopdag.

(iii) Dat, als het bedrag betaald op den verkoopdag het een-tiende zijn zal of eenige som tusschen een-tiende en een-vijfde deel van de koopsom, het overige van een-vijfde van de koopsom betaald worden zal na verloop van twaalf maanden, gerekend van den koopdag.

(iv) In geval de koopsom minder dan vijf-en-twintig ponden zal zijn, zal het geheele bedrag kontant of in gelijke deelen betaald worden over een tijd van drie (3) jaren.

Interest op de bovengenoemde sommen zal betaald worden gerekend tegen vier per cent. per jaar; en de betaling der paaimenten, met de interest daarop, zal op den koopdag door twee naar het oordeel van den Civielen Commissaris goede, voldoende borgen verzekerd worden, welke borgen in betrekking tot de betaling zich als borgen *in solidum* en mede principale schuldenaars verbinden, afstand doende van de excepties van excussie en divisie.

Als de kooper of diens borgen feilen, of niet in staat zijn de noodige betalingen van de koopsom als bovengenoemd binnen de gestelden tijd te doen, zal de Regeering het recht hebben den koop nietig te verklaren, en alle betalingen reeds gedaan ten opzichte van dien koop, zullen aan de Regeering vervallen.

De uitgaven van opmeting op elk perceel en van den Grondbrief, nam., 12s. 3d., zullen aan den Civielen Commissaris of andere ten dien opzichte wettelijk geauthoriseerden persoon, op den koopdag betaald worden.

Indien de koopprijs £25 of meer is, is de kooper verplicht een verband te passeeren, gevende interest tegen vier per cent. per jaar, ten gunste van het Gouvernement voor vier-vijfde van den koopsom, tenzij hij op den koopdag meer dan een-vijfde daarvan betaald hebben zal, in welk geval het bedrag van het verband voor de balans van den koopsom zijn zal, hebbende de kooper het recht het verband of eenig deel daarvan, zijnde niet minder dan vijftig ponden in eens, af te betalen.

Mocht de kooper de balans van de koopsom op verband willen houden, als bovenvermeld, zal hij het verband moeten passeeren binnen dertien (13) maanden van den koopdag, in gebreke waarvan een boete van een shilling opgelegd worden zal voor iederen dag, die daarboven voorbijgegaan is tot op achttien maanden van den datum der verkooping; na welken tijd, mocht er nog geen verband gepasseerd zijn, de balans van de koopsom, met interest daarop, en het bedrag van de boete, aldus opgelegd, zoo er eenige is, terstond vervallen zal en betaald zal moeten worden en in ieder bevoegd gerechtshof zonder verdere kennisgeving opgevorderd zal worden; en indien niet binnen een maand na datum van vonnis betaald, zal de koop van nul en geene waarde worden, en reeds gedane betalingen zullen aan de Regeering vervallen.

Schedule.

CLASSIFICATION OF EXPLOSIVES.

Class 1	Gunpowder.
Class 2	Nitrate Mixture.
Class 3	Nitro-Compound.
Class 4	Chlorate Mixture.
Class 5	Fulminate.
Class 6	Ammunition.
Class 7	Firework.

And when an Explosive falls within the description of more than one class it shall be deemed to belong exclusively to the latest of the classes within the description of which it falls.

Class 1—*Gunpowder Class.*

The term "Gunpowder" means exclusively gunpowder ordinarily so called.

Class 2—*Nitrate-mixture Class.*

The term "Nitrate-mixture" means any preparation, other than gunpowder ordinarily so called, formed by the mechanical mixture of a nitrate with any form of carbon or with any carbonaceous substance not possessed of explosive properties, whether sulphur be or be not added to such preparation, and whether such preparation be or be not mechanically mixed with any other non-explosive substance.

The Nitrate-mixture class comprises such explosives as :—

Ammonal,
Chilworth Special Powder,
Dahmenite,
Westfalite,
Pembrite,

and any preparation coming within the above definition.

Class 3—*Nitro-compound Class.*

The term "Nitro-compound" means any chemical compound possessed of explosive properties, or capable of combining with metals to form an explosive compound, which is produced by the chemical action of Nitric Acid (whether mixed or not with sulphuric acid) or of a nitrate mixed with sulphuric acid upon any carbonaceous substance, whether such compound is mechanically mixed with other substances or not.

The Nitro-compound class has two divisions.

Division 1 comprises such explosives as :—

Nitro-glycerine,
Dynamite,
Blasting gelatine,
Ballistite,
Cordite,
Kynite,
Phoenix powder,
Lig-dyn,

and any chemical compound or mechanically mixed preparation which consists either wholly or partly of nitro-glycerine or of some other liquid nitro-compound.

Division 2 comprises such explosives as :—

Nitro-cotton,
Nitro Lignin,
Bellite,
Cannonite,
Amberite,
Goopals powder,
Roburite,
Picric Acid and Picrates,

The chlorate-mixture class has two divisions.

Division 1 comprises any chlorate preparation which consists partly of nitro-glycerine or of some other liquid nitro-compound.

Division 2 comprises such explosives as :—

Cheddite,
Nobels explosive No. 256,

and any chlorate-mixture as before defined, which is not comprised in the first division.

Class 5—*Fulminate Class.*

The term "Fulminate" means any chemical compound or mechanical mixture, whether included in the foregoing classes or not, which, from its great susceptibility to detonation, is suitable for employment in percussion caps or any other appliances for developing detonation, or which, from its extreme sensibility to explosion, and from its great instability (that is to say, readiness to undergo decomposition from very slight exciting causes), is especially dangerous.

This class consists of two divisions.

Division 1 comprises such compounds as the fulminates of silver and of mercury, and preparations of these substances, such as are used in percussion caps; and any preparation consisting of a mixture of a chlorate with phosphorus, or certain descriptions of phosphorus compounds, with or without the addition of carbonaceous matter, and any preparation consisting of a mixture of a chlorate with sulphur, or with a sulphuret, with or without carbonaceous matter.

Division 2 comprises such substances as the chloride and the iodide of nitrogen, fulminating gold and silver, diazobenzol, and the nitrate of diazobenzol.

Class 6—*Ammunition Class.*

The term "ammunition" means an explosive of any of the foregoing classes when enclosed in any case or contrivance, or otherwise adapted or prepared so as to form a cartridge or charge for small arms, cannon, or any other weapon, or for blasting, or to form any safety or other fuse for blasting or for shells, or to form any tube for firing explosives, or to form a percussion cap, a detonator, a fog signal, a shell, a torpedo, a war rocket, or other contrivance other than a firework.

The term "percussion cap" (*b*) does not include a detonator.

The term "detonator" (*b*) means a capsule or case which is of such strength and construction, and contains an explosive of the fulminate-explosive class in such quantity that the explosion of one capsule or case will communicate the explosion to other like capsules or cases.

The term "safety fuse" means a fuse for blasting which burns and does not explode, and which does not contain its own means of ignition, and which is of such strength and construction and contains an explosive in such quantity that the burning of such fuse will not communicate laterally with other like fuses.

The ammunition class has three divisions.

Catrridges and charges for cannon, shells, mines, blasting or other like purposes,
Shells and torpedoes containing any explosives,
Fuses for blasting which are not safety fuses,
Fuses for shells,
Tubes for firing explosives,

Detonators,
Cartridges for small arms, which are not safety cartridges,
Fuses for blasting, which are not safety fuses,
Fuses for shells,
Tubes for firing explosives,
which do contain their own means of ignition.

By ammunition containing its own means of ignition is meant ammunition having an arrangement, whether attached to it or forming part of it, which is adapted to explode or fire the same by friction or percussion.

Class 7—(Firework Class).

The term "firework" comprises firework composition and manufactured fireworks.

Division 1.—The term "firework composition" means any chemicial compound or mechanically mixed preparation of an explosive or inflammable nature which is used for the purpose of making manufactured fireworks, and is not included in the former classes of explosives, and also any star and any coloured fire composition, subject to the proviso hereinafter set forth.

Division 2.—The term "manufactured firework" (*b*) means any explosive of the foregoing classes, and any firework composition when such explosive or composition is enclosed in any case or contrivance, or is otherwise manufactured so as to form a squib, cracker, serpent, rocket (other than a war rocket), maroon, lance, wheel, Chinese fire, Roman candle, or other article specially adapted for the production of pyrotechnic effects or pyrotechnic signals or sound signals (*a*).

Provided that a substantially constructed and hermetically closed metal case, containing not more than 1 lb. of coloured fire composition, of such a nature as not to be liable to spontaneous ignition, shall be deemed to be a "manufactured firework."

Treasury,
Cape Town, Cape of Good Hope,
6th December, 1906.

HIS Excellency the Governor, with the advice of the Executive Council, has been pleased to approve of the subjoined amended Bye-laws framed by the Port Elizabeth Harbour Board under Section 19 of the Explosives Act No. 4 of 1887, to regulate the landing, shiping, and transhipping of Explosivies at that Port.

WM. A. COLLARD,
Assistant Treasurer.

AMENDED BYE-LAWS

(Framed by the Port Elizabeth Harbour Board under Section 19 of Explosives Act, 1887).

EXPLOSIVES REGULATIONS.

Importing and Landing.

1. The Master of every vessel conveying Explosives shall, on arriving at this Port, either by himself or his Agent, at or before the time of arrival of such vessel, give notice in writing to the Harbour Board that certain quantities of Explosives, correctly specifying them, are on board.

2. All vessels with Explosives on board while within the limits of the Port shall hoist a Red Flag at the fore by day ("B" International Code) in size not less than four feet by three feet, and a Red Light by night, and these shall be exhibited during the time vessels having Explosives on board shall remain in the Port.

3. All vessels with Explosives on board shall be anchored at such places as shall be appointed by the Harbour Board. The berths for such vessels will be pointed out by the Harbour Master, and they must remain anchored in those berths as long as any Explosives remain on board.

4. During the time vessels are discharging Explosives at this Port they are not permitted to work any other cargo.

5. In the event of any vessel with Explosives on board for other Ports requiring such Explosives to be discharged temporarily into a lighter at Algoa Bay so that the vessel herself may take up a discharging berth among the shipping, leaving the lighter at the Explosives anchorage, permission for the removal must first be obtained from the Chief Government Inspector of Explosives, or his deputy, and authority for the particular lighter to be used must also be obtained from the Harbour Master, who shall satisfy himself that the lighter is efficient for the purpose.

6. The Master of every vessel with Explosives on board (other than gunpowder, cartridges made with gunpowder, percussion caps, and fireworks), is prohibited from delivering them out of his vessel to any person who does not hold a licence from the proper authority to import such Explosives. The Master is, therefore, bound to demand production of such licence, or a certified copy, before delivery takes place, either for landing or transhipping.

7. No Explosives will be allowed to be landed from any vessels arriving at this Port until the Chief Government Inspector of Explosives, or his deputy, shall have certified to their being safe to handle, nor until the consignees or agents shall have obtained the authority of the Harbour Board, in writing, for such landing.

8. The Chief Government Inspector of Explosives, or his deputy, shall be conveyed to and from vessels having Explosives on board for this Port at the expense of consignees. The Masters of such vessels shall also provide facilities for obtaining such samples of the Explosives which it is desired to land as the Government Inspector of Explosives shall require.

9. All Explosives for this Port must be accompanied by one or other of the following certificates:—

(*a*) If exported from Great Britain, a sworn certificate by a qualified chemist must accompany the application to land, stating that the Explosives have been properly manufactured under Government Licence, in accordance with the Board of Trade Regulations and that when shipped they were in good condition and properly packed, and could be safely handled in the Tropics.

(*b*) If exported from a foreign port, the application to land must be accompanied by an official certificate stating that the Explosives have been manufactured under a licence of the Government of the country from which they are exported, and by a further sworn certificate from a qualified chemist to be approved by a British Consul-General, that the Explosives have been properly manufactured, and can be safely handled in a Tropical climate, and that when they were shipped they were in good condition and safely packed.

10. The Master of every vessel conveying Explosives is prohibited from discharging out of his ship or landing any cases or packages containing Explosives found on arrival or on breaking bulk to be leaky or in any way damaged, until authority has been obtained from the Harbour Board, and he shall forthwith report to the Harbour Board in writing the particulars of the cases or packages so found to be leaky or damaged.

11. All boats conveying Explosives must proceed direct from the ship to the Explosives anchorage or to the appointed landing-place without deviation or delay. Boats carrying Explosives, and which may be at anchor, must exhibit a Red Flag.

12. No passengers are to be carried on board any boats either wholly or partly laden with Explosives.

13. No fire or lights of any description are to be allowed on board boats conveying Explosives, nor are the persons working them allowed to smoke, or have about their persons any fusees, matches, or any other combustibles, or to wear boots or shoes with iron nails or tips.

14. Blasting Gelatine Dynamite, Crude Dynamite, Gun Cotton, and all similar compounds, Bengal Lights and Gunpowder, shall be landed at the Creek Jetty at North End or other place properly authorised by the Harbour Board. Cartridges, Percussion Caps, Detonators, Rockets and Fireworks (exclusive of Bengal Lights) may landed at either of the Harbour Board Jetties.

EXPORTING, SHIPPING AND TRANSHIPPING.

1. Special arrangements in general conformity with the above Regulations as to landing must in every case be made for Shipping and Transhipping, and suitable permission obtained from the Harbour Board.

2. During the time vessels are receiving Explosives at this Port they are not permitted to work any other cargo.

Penalties for contravention of Explosives Bye-Laws.

The penalties to be annexed to any breach or attempt to commit any breach of any of the foregoing bye-laws may be all or any of the following penalties, and may be imposed on such persons and graduated in such manner as may be deemed just according to the gravity of the offence and according as it may be a first or second or other subsequent offence, that is to say, pecuniary penalties not exceeding twenty pounds for such offence, and ten pounds for each day during which the offence continues, and forfeiture of all or any part of the Explosives in respect of which, or found in the ship, boat, or carriage in respect of which, the breach of bye-laws has taken place.

In the event of any breach of any of the foregoing bye-laws in the case of any ship, boat, carriage, or Explosives whether there has or has not been any conviction for such breach, it shall be lawful for the Harbour Master, or any person acting under the orders of the Harbour Board, to cause such ship, boat, carriage or Explosives, at the expense of the owner thereof to be removed to such place or otherwise dealt with in such manner as may be in conformity with the bye-laws, and all expenses incurred in such removal may be recovered in the same manner as a penalty under this Section, and any person resisting such Harbour Master or Officer or other persons in such removal shall be liable to the same penalties as a person is liable to for obstructing the Harbour Master in the execution of his duties.

NOTICE.

NOTICE is hereby given, in terms of Section 158 of Act 40 of 1889, that, at a meeting of the Divisional Council of Caledon, held on the 1st December, 1906, it was resolved that the width of all roads in this Division be as follows:—

1. That all main roads passing through this Division, that is to say, the main road to Cape Town, Worcester, Swellendam and Bredasdorp, shall for the use of wheeled carriages and vehicles have a width of 24 (twenty-four) feet, and all mountain passes and side-hill cuttings or drifts, forming sections of the said main roads, shall have a width varying from 18 (eighteen) to 24 (twenty-four) feet, subject to the nature of position of each such pass, cutting or drift.
2. All proclaimed Divisional roads shall for the above purpose have a width of 18 (eighteen) feet and all mountain passes, cuttings or drifts forming sections of such Divisional roads shall have a width varying from 15 to 18 (fifteen to eighteen) feet, as the Divisional Council may think fit in each case respectively. And all other public roads shall have a uniform width of 15 (fifteen) feet.
3. Should any gates be placed across any public road, in terms of Section 153 of the Divisional Council Act of 1889, the width of such gates shall be eighteen feet across a main road, and fifteen (15) feet across a Divisional road, and twelve (12) feet across any other public road.

And should any enclosures, cultivated lands, rivers, or any other obstructions on one side of a road encroach on the width of right of way, the width so defined shall in such cases be extended to the other side of such a road and the width of right of way shall for the same purpose be 60 (sixty) yards on each side of all public roads passing through mountains, mountain passes, downs or jungles. The width so defined shall for the purpose of removing stock, be applied to all existing public trek paths.

Licences will specifically state the group which is authorised to be kept in the magazine in respect of which the licence is issued, and any explosives which may be found to be stored in a magazine licensed for a group in which such explosives are not included, will be held to be stored in an unauthorised place, and the holder of the licence dealt with according to law.

NOEL JANISCH,
Under Colonial Secretary.

Schedule.

CLASSIFICATION OF EXPLOSIVES.

Class 1	Gunpowder.
Class 2	Nitrate Mixture.
Class 3	Nitro-Compound.
Class 4	Chlorate Mixture.
Class 5	Fulminate.
Class 6	Ammunition.
Class 7	Firework.

And when an Explosive falls within the description of more than one class it shall be deemed to belong exclusively to the latest of the classes within the description of which it falls.

Class 1—*Gunpowder Class.*

The term "Gunpowder" means exclusively gunpowder ordinarily so called.

Class 2—*Nitrate-mixture Class.*

The term "Nitrate-mixture" means any preparation, other than gunpowder ordinarily so called, formed by the mechanical mixture of a nitrate with any form of carbon or with any carbonaceous substance not possessed of explosive properties, whether sulphur be or be not added to such preparation, and whether such preparation be or be not mechanically mixed with any other non-explosive substance.

The Nitrate--mixture class comprises such explosives as :—

Ammonal,
Chilworth Special Powder,
Dahmenite,
Westfalite,
Pembrite,

and any preparation coming within the above definition.

Class 3—*Nitro-compound Class.*

The term "Nitro-compound" means any chemical compound possessed of explosive properties, or capable of combining with metals to form an explosive compound, which is produced by the chemical action of Nitric Acid (whether mixed or not with sulphuric acid) or of a nitrate mixed with sulphuric acid upon any carbonaceous substance, whether such compound is mechanically mixed with other substances or not.

The Nitro-compound class has two divisions.

Division 1 comprises such explosives as :—

Nitro-glycerine,
Dynamite,
Blasting gelatine,
Ballistite,
Cordite,
Kynite,
Phoenix powder,
Lig-dyn,

and any chemical compound or mechanically mixed preparation which consists either wholly or partly of nitro-glycerine or of some other liquid nitro-compound.

Division 2 comprises such explosives as :—

Nitro-cotton,
Nitro Lignin,
Bellite,
Cannonite,
Amberite,
Goopals powder,
Roburite,
Picric Acid and Picrates,
Tonite,
Walsrode powder,
Maganite,

and any nitro-compound as before defined, which is not comprised in the first division.

Class 4—*Chlorate-mixture Class.*

The term "Chlorate-mixture" means any explosive containing a chlorate.

The chlorate-mixture class has two divisions.

Division 1 comprises any chlorate preparation which consists partly of nitro-glycerine or of some other liquid nitro-compound.

Division 2 comprises such explosives as :—

Cheddite,
Nobels explosive No. 256,

and any chlorate-mixture as before defined, which is not comprised in the first division.

Class 5—*Fulminate Class.*

The term "Fulminate" means any chemical compound or mechanical mixture, whether included in the foregoing classes or not, which, from its great susceptibility to detonation, is suitable for employment in percussion caps or any other appliances for developing detonation, or which, from its extreme sensibility to explosion, and from its great instability (that is to say, readiness to undergo decomposition from very slight exciting causes), is especially dangerous.

This class consists of two divisions.

Division 1 comprises such compounds as the fulminates of silver and of mercury, and preparations of these substances, such as are used in percussion caps; and any preparation consisting of a mixture of a chlorate with phosphorus, or certain descriptions of phosphorus compounds, with or without the addition of carbonaceous matter, and any preparation consisting of a mixture of a chlorate with sulphur, or with a sulphuret, with or without carbonaceous matter.

Division 2 comprises such substances as the chloride and the iodide of nitrogen, fulminating gold and silver, diazobenzol, and the nitrate of diazobenzol.

Class 6—*Ammunition Class.*

The term "ammunition" means an explosive of any of the foregoing classes when enclosed in any case or contrivance, or otherwise adapted or prepared so as to form a cartridge or charge for small arms, cannon, or any other weapon, or for blasting, or to form any safety or other fuse for blasting or for shells, or to form any tube for firing explosives, or to form a percussion cap, a detonator, a fog signal, a shell, a torpedo, a war rocket, or other contrivance other than a firework.

The term "percussion cap" (*b*) does not include a detonator.

The term "detonator" (*b*) means a capsule or case which is of such strength and construction, and contains an explosive of the fulminate-explosive class in such quantity that the explosion of one capsule or case will communicate the explosion to other like capsules or cases.

The term "safety fuse" means a fuse for blasting which burns and does not explode, and which does not contain its own means of ignition, and which is of such strength and construction and contains an explosive in such quantity that the burning of such fuse will not communicate laterally with other like fuses.

The ammunition class has three divisions.

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

VII. CAPE MOUNTED RIFLEMEN. REGULATIONS FOR THE SUPPLY OF CLOTHING AND NECESSARIES.

His Excellency the Governor, with the advice of the Executive Council, has been pleased to approve, in terms of Section XIV of Act 32 of 1892, of the following Regulations for the supply of Clothing and Necessaries, Cape Mounted Riflemen, to supersede those at present in force :—

Requisitions for Contractors' Accounts.

1. Requisitions for Clothing and Necessaries required will be submitted by the Quartermaster for transmission to the Senior Ordnance Officer for scrutiny, by whom, if in order, they will be passed to the Contractors for execution. Contractors will render their accounts to the Senior Ordnance Officer, who, on proof of correct receipt of goods by consignees, will certify the usual vouchers, submitting them to the Commandant General for countersignature and adjustment.

Responsibility of Senior Ordnance Officer.

2. The Senior Ordnance Officer will be responsible that all articles supplied are in accordance with terms of contract.

Responsibility of Quartermaster.

3. The Quartermaster will be responsible that Officers Commanding Squadrons have a sufficient reserve of Clothing and Necessaries to meet requirements.

Returns.

4. Monthly Returns of Clothing and Necessaries will be rendered by Officers Commanding Squadrons to the Quartermaster, who will furnish a monthly Regimental Return of such articles to the Senior Ordnance Officer.

Equipment of Recruits.

5. On enrolment the Recruit will receive a free issue of Clothing and Necessaries, and as period of duration of each article of personal clothing expires, a new issue of such article will be made, unless in the opinion of the Officer Commanding the Squadron, the article in use is sufficiently serviceable to last a *reasonable time longer*, when he will credit the man's clothing account with the value of the article instead of making the issue in kind, if it is the man's wish that this should be done.

Men serving on 1.1.1903.

For Non-commissioned Officers and men who were serving on 1st January, 1903, that date will be taken as the basis for first and future credits of Clothing and Necessaries.

Individual Clothing Accounts.

6. A Clothing Account will be kept by the Squadron Commander for each non-commissioned officer and man, showing credits (as issues of each article becomes due), and debits (which will be represented by actual issues). The Squadron Commander will be held responsible for the correct keeping of this account. Each non-commissioned officer and man will be a supplied (gratis) with a clothing book, which will be a copy of the Regimental Clothing Account This book must be kept posted to date, and in possession of the owner, who must produce it at all kit inspections. If lost a charge of 1s. will be made for a new book.

Necessaries.

7. Necessaries, after first free issue, will be maintained at the man's expense during each period of service, and on re-enrolment the value of same will be placed to credit in the Clothing Account. These become the property of the man on issue.

Issue of Clothing on re-payment.

8. In the event of clothing being required before the free issue is due such articles will be issued on re-payment, unless the man's account is sufficiently to credit in respect of value of expired portion of period of duration of articles credited but not drawn, so should the man take his discharge his Clothing Account will not show a debit balance.

Issues on re-payment will be recovered through the pay sheets and will not figure in the Clothing Account.

The Quartermaster will apply at the end of each month for the issue of Ordnance Surcharges for all issues on re-payment of clothing and necessaries from Regimental Stores during the month.

Clothing, lost or damaged.

9. Under exceptional circumstances, should clothing be required before the free issue falls due (from loss or damage), the matter will be investigated by a Board of Officers. The proceedings will be submitted to the Senior Ordnance Officer for decision of the Commandant General, who may authorise such articles to be replaced free of charge.

Such issues will, if *new*, figure in the man's Clothing Account, and the date of next credit will be based on the actual date of such issue. As far as possible such issues will be made from articles returned to Store by members on discharge (under paragraph 13), in which case the date of next credit will not be affected.

Limit as to quantity drawn. Not to be disposed of.

10. No man may draw more than his reasonable requirements of any one article, either against a money credit (on Clothing Account) or on re-payment, and will on no account dispose of any articles of uniform without the consent of his immediate Commanding Officer.

Period of duration extended.

11. In the event of a non-commissioned officer or man being granted leave without pay for a period exceeding 90 days, such period will be added to the duration period of clothing in his possession. The same rule will apply in the case of imprisonment in a *gaol* for a period exceeding 90 days. Money credits accruing during such periods will be carried forward in a similar manner.

Sale of part-worn Clothing.

12. The Quartermaster will arrange for an annual sale of part worn clothing returned by members on discharge (under paragraph 13), retaining, however, a supply to meet requirements under paragraph 9.

Such sales will be by auction to members of the Regiment only, and to the best advantage to Government.

Clothing on discharge—Disposal of.

13. Members of the Regiment on discharge will be entitled to the personal clothing in their possession the period of duration of which has expired, and to serge frock, trousers and cap, which has been in their possession three months, and to ankle boots irrespective of date of issue. All other articles of clothing of which the period of duration is unexpired must be returned to Store and dealt with as per paragraphs 9 and 12.

Should men on discharge wish to retain any other articles of uniform they may do so on payment of the value of the unexpired portion of period of duration.

Money, Credits Payment of.

14. Money credits will be paid out on discharge, death, or desertion, and on re-enrolment as follows :—

Discharge, Death, or Desertion.

The amount to credit after deducting the value of unexpired portion of duration period of clothing not drawn, and for which credit has been given, reckoning from date of credit of each article, the man receiving only the value of the expired portion of duration period of such clothing.

Re-enrolment.

No individual or company shall be allowed to purchase more than two (2) Building Lots or two (2) Arable Lots, nor to sell any of the lots so purchased to any one who is already the holder of two Building Lots or two Arable Lots.

Each Lot will be put up at the upset price fixed, and the highest bidder who shall have offered not less than such upset price shall be declared the purchaser, and every such purchaser shall have the option of paying either the whole or a part of the purchase money on the day of sale: Provided:

(i) That if no payment be made on the day of sale one-tenth of the purchase price shall be paid at six and one-tenth at twelve months from the day of sale.

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

[1561.] [1906.]

Colonial Secretary's Office,
Cape Town, 21st December, 1906.

THE following summary of the Report of the Government Labour Bureau for the month of November, 1906, is published for general information.

NOEL JANISCH,
Under Colonial Secretary.

The direct demand through the Bureau was 103 as compared with 102 for the preceding month..

The demand for labour, both as regards quality and numbers, remains practically at the same level as in October. Some difficulty was experienced in securing the services of blacksmiths, a hairdresser, machine-ruler, lithographic machinists, an enlargement artist retoucher, and currier, but the remaining situations were easily filled at short notice. The approaching construction of buildings for the United Tobacco Company, the Bank of Africa, the Southern Life Assurance Company, 16 houses and shops at Sea Point, dwellings and shops at Claremont and various alterations, etc., including a contract for additions to the South African College, affords some grounds for hope that the amount of employment available for workers in the building and allied trades will not suffer any material decrease during the next six months. On the other hand, owing to the influx of men from other congested centres, the competition for such vacancies as will occur is likely to continue keen.

The number of men sent to definite work was 101, made up as follows: Artizans, 51; clerks, salesmen, canvassers, etc., 2; labourers (European and coloured), 47; overseers, gangers, etc., 0; servants (indoor and outdoor)), 19; warders, constables and attendants, 2; Total, 101.

123 men were sent to work during the preceding month. As regards unskilled coloured labour, the supply is still considerably in excess of the demand. As a consequence, it would appear that the rates now in operation are gradually becoming lower and are, in fact, approximating to the wages paid to farm hands in the Western Province.

In one instance 2/6 per diem is paid to a number of labourers engaged on excavation work, the current rate 18 months ago being 3/6 to 4/6.

As a result of a conference held between the masons and their employers, it has now been arranged that a rule for the reduction of wages by 1d. per hour should come into force on and after the 1st December, 1906, and to continue in operation until the 1st December next year.

The total number of applications for employment (including renewals) received during the period under report was 204, of which the following is an analysis:—

	European.		Coloured.	
	Class I.	Class II.	Class I.	Class II.
Artizans, building trades	35	13	9	7
„ Engineering „	13	7	1	1
Factory workers (not included in above) ...	7	5	1	1
Clerks, bookkeepers, storemen, canvassers and salesmen	7	8	2	1
Coachmen, waiters, gardeners, &c.	9	6	9	15
Timekeepers, Overseers and gangers	15	2	1	2
Farm hands	4	—	1	2
Labourers and handymen	2	10	—	8
Totals ...	92	51	24	37
Grand Total ...	204			

242 applications were received during the preceding month.

BUILDING PLANS.—During the period 1st to 30th November, 29 plans were under consideration by the City Council, of which 12 have been approved, 5 returned to the architects for amendment, 4 withdrawn and 8 remain under consideration. The approximate cost of the proposed work is £4,280. RELIEF WORKS.

	Married.	Single.	Total.
Employed on October 31st ...	12	151	163
„ on November 30th ...	13	193	206
Increase of ...			43

The number of women and children dependent or partly dependent upon the married men was 45 or 3.46 per family.

Men arriving from centres as under in a destitute condition were sent to the various camps: Bulawayo, 1; Johannesburg, 3; Port Elizabeth, 1; East London, 1; Kimberley, 4; Simonstown, 4; Klipheuvel, 1; Wellington, 1; German S.W. Africa, 4; Mossel Bay, 1—Total, 21.

The gradual increase in the number of men employed on relief works during the last three months must certainly be attributed in great part to the influx of destitute persons from other centres: no less than 280 so arriving being sent to the Works during the present year. A fair proportion have doubtless been successful in obtaining employment, and others have secured "working passages" to other countries, but the majority—arriving as they do in an already congested labour centre—in a short time become a charge upon Government at the various relief works. In this connection, the Officer-in-Charge of the Workman's Metropole reports that the average number of men sleeping nightly at this institution has increased considerably even since October; and he further observes that the increase is chiefly in respect to arrivals from the Transvaal and the Orange River Colony.

VAGRANCY.—Convictions during October, 40; November, 41. Increase, 1.

GENERAL SUPPLY AND DEMAND.

Beaconsfield.—There is a shortage of 2,000 natives for the mines. Owing to the distress existing amongst Europeans the De Beers Co. have initiated Relief Works.

Bredasdorp.—The building and retail trades are good and farming prospects are bright.

Britstown.—Farm hands are unobtainable.

East London.—Building trades: Dull. Engineering trades: A slight improvement. Factories: Trade is steady. Retail Trade, depressed: The supply of labourers much exceeds the demand and 157 cases of destitution are reported by the Benevolent Society.

King William's Town.—The erection of the new schools will provide a number of men with employment.

Port Elizabeth.—In every branch of trade the supply of labour exceeds the demand.

The districts generally do not need special comment, as the supply is reported to be equal to the demand. The reports indicate that in the undermentioned centres the supply exceeds the demand, although in the larger towns this excess appears to be gradually decreasing:—

Building Trades.—Beaufort West, Bedford, Calvinia, Cape, East London, Fort Beaufort, George, Hopefield, Hopetown, King Williamstown, Knysna, Port Elizabeth, Steynsburg, Victoria West.

Engineering Trades.—Cape, East London, Port Elizabeth.

Factories.—Cape and Port Elizabeth.

Farming.—Knysna, Steynsburg, Stockenstrom.

Retail Trades.—Cape, Cradock, East London, George, Knysna, Port Elizabeth, Steynsburg.

Unskilled Labourers.—Albert, Alexandria, Beaconsfield (Europeans) Cape, East London, Kimberley, (Europeans) King Williamstown, Middelburg, Port Elizabeth, Uitenhage, Victoria East, Victoria West.

The only specific demand is for native herds and farm hands at Beaufort West, Britstown, Calvinia, Clanwilliam, Fraserburg, Hopetown, Namaqualand, Prince Albert, Sutherland, Uniondale, Van Rhynsdorp, Vryburg, and for unskilled labourers at Beaconsfield (natives), Beaufort West, Clanwilliam, George, Kimberley (natives), Namaqualand and Prince Albert.

There has been an improvement in the demand for labour as follows:—

Building Trade.—Bredasdorp, Mossel Bay.

Engineering Trades.—East London.

Factories.—East London.

Farming.—Bredasdorp, Mossel Bay, Victoria West.

Retail Trade.—Beaufort West, Bredasdorp, Hopetown, Mossel Bay.

3. TREASURER'S MINISTERIAL DIVISION.

PROCLAMATION

BY HIS EXCELLENCY THE HONOURABLE SIR WALTER FRANCIS HELY-HUTCHINSON,

Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, Governor and Commander-in-Chief of His Majesty's Colony of the Cape of Good Hope, and of the Territories and Dependencies thereof, etc., etc., etc.

UNDER and by virtue of the powers vested in me, I do hereby proclaim, declare and make known, that the Money Order Convention entered into with the Postal Administration of Hong Kong, and hereunto appended, shall have effect as from the first day of January, 1907.

GOD SAVE THE KING!

Given under my Hand and the Public Seal of the Colony of the Cape of Good Hope, this 18th day of December, 1906.

WALTER HELY-HUTCHINSON,
Governor.

By Command of His Excellency the Governor in Council,
E. H. WALTON.

No. 507, 1906.

ARRANGEMENT FOR AN EXCHANGE OF MONEY ORDERS BETWEEN THE POST OFFICE OF THE CAPE COLONY AND THE POST OFFICE OF THE COLONY OF HONG KONG.

ARTICLE 1.

Between Hong Kong and the Cape of Good Hope there shall be a regular exchange of Money Orders.

The maximum amount for which a Money Order may be drawn in either country upon the other shall be the amount fixed by the Post Office Act of the country of issue, provided that in no case shall the maximum amount of any single Order exceed forty pounds (£40) sterling.

No Money Order shall include a fractional part of a penny.

The amount of each Money Order shall be expressed in sterling.

ARTICLE 2.

Each Postal Administration agrees to place at the disposal of the other its services as intermediary for the exchange of Money Orders with other countries having direct Money Order relations with it, and to notify to the other from time to time the countries for which it is prepared to act as intermediary.

Digitized by Google

3. TREASURER'S MINISTERIAL DIVISION.

ARTICLE 3.

Orders drawn on the Cape Colony shall be converted, at the time of issue, into sterling at the current rate of exchange, and the amounts of Orders drawn in the Cape Colony in sterling on Hong Kong shall, in like manner, be rendered by the Hong Kong Post Office into the currency of Hong Kong at the paying rate of exchange on the day of the arrival of the Money Order List.

ARTICLE 4.

Each Money Order shall be delivered to the remitter thereof to be forwarded by him, at his own expense, to the payee.

ARTICLE 5.

The amounts of Money Orders shall be paid in and paid out in gold or its legal equivalent, due regard being had to the regulations in force in each country.

ARTICLE 6.

No Money Order shall be issued unless the applicant furnish in full the surname, and at least the initial of one Christian name, both of the remitter and the payee (or the corresponding name in the case of natives of China and Japan). In the case of through Orders on Japan a separate address in vernacular is to be attached to the Money Order advice in order to facilitate its delivery in the country of payment.

If, however, any applicant for a Money Order shall tender the name of either the remitter or payee at greater length, such particulars shall be received and the advice shall be made out accordingly.

ARTICLE 7.

Each Office shall communicate to the other its tariff of charges or rates of commission which shall be established under the present Agreement.

Should it appear at any time that Money Orders are used by mercantile men, or other persons in Hong Kong or in the Cape Colony, for the transmission of large sums of money, the Postal Administration in Hong Kong or in the Cape Colony, as the case may be, shall have power to increase the commission or frame such special regulations as may seem requisite.

The commission shall belong to the Issuing Administration, but the Post Office of Hong Kong shall pay to the Post Office of the Cape Colony one half of one per cent. (½ per cent.) on the amount of Money Orders issued in Hong Kong advised to the Cape Colony; and the Post Office of the Cape Colony shall make a like payment to the Hong Kong Post Office for Money Orders issued in the Cape Colony and advised to Hong Kong.

ARTICLE 8.

The service of the Postal Money Order System between the two countries shall be performed exclusively by the agency of Offices of Exchange. On the part of the Colony of the Cape of Good Hope the Office of Exchange shall be Cape Town, and on the part of the Colony of Hong Kong the Office of Exchange shall be Hong Kong.

ARTICLE 9.

Orders shall be drawn only on the authorised International Money Order Offices of the respective countries, and each Postal Administration shall furnish to the other a list of such Offices and shall from time to time notify any addition to or change in such list.

ARTICLE 10.

Lists of Money Orders issued shall be despatched from each Office of Exchange accompanied by the relative Advices. The lists shall be numbered consecutively, throughout the year, commencing with number one at the beginning of the month of January in each year and ending with the last despatched in December.

ARTICLE 11.

The Advices on their arrival at the Office of Exchange in the country of payment shall be compared with the entries in the list and afterwards date stamped and despatched to the paying Offices.

ARTICLE 12.

Each Office of Exchange shall promptly communicate to the other the correction of any simple error which it may discover in the verification of the lists.

When the lists shall show irregularities which the Receiving Office cannot rectify, that office shall apply to the Despatching Office for an explanation, and such explanation shall be furnished without delay.

Pending the receipt of the explanation payment of Orders found to be erroneous in the list may be suspended at the discretion of the Paying Office.

ARTICLE 13.

The Orders drawn by each country on the other shall be subject as regards payment to the regulations which govern the payment of Inland Orders of the country on which they are drawn.

The Paid Orders shall remain in the possession of the country of payment.

ARTICLE 14.

Duplicate Orders shall be issued and transfer of payment made only by the Postal Administration of the country on which the original Orders were drawn, and in conformity with the regulations established or to be established in that country.

ARTICLE 15.

Repayment of the amounts of Orders shall not be made to the remitters until it has been ascertained through the Postal Administration of the country where such Order is payable, that the Orders have not been paid and will not be paid at the Office of payment, and that the amounts have been placed to the credit of the issuing country.

ARTICLE 16.

Orders which shall not have been paid within twelve calendar months after the month of issue shall become void, and the sums received shall accrue to, and be at the disposal of the country of issue. The Cape Town Office shall enter to the credit of the Hong Kong Office in the quarterly accounts the amounts of all Money Orders entered in the lists received by that Office which remain unpaid at the end of the period specified. On the other hand, the Hong Kong Office shall, at the expiration of each month, transmit to the Cape Town Office for entry in the quarterly accounts detailed statements of all Orders included in the lists despatched from the Colony of the Cape of Good Hope, which, under this article, have become void.

ARTICLE 17.

At the close of each quarter, or as soon thereafter as practicable, an account shall be prepared in and forwarded from the General Post Office, Cape Town, to the Office of Exchange at Hong Kong. It shall show in detail the totals of the lists containing the particulars of Orders issued in and despatched during the quarter from each country to which such account relates, and the totals of Repaid Orders authorised during such quarter, as also the totals of Void Orders.

Payment of the balance resulting from the account in favour of one of the two Administrations is to be effected by means of bills of exchange at sight payable in gold and drawn on London.

If the quarterly account results in a balance in favour of the Hong Kong Post Office, the Postal Administration of the Cape Colony will at once, and at the latest 14 days after sending the account, take the necessary steps that a bill of exchange for the amount of its debt may be transmitted to Hong Kong through the Agent-General for the Cape Colony in London.

It is further provided that as soon as one of the countries of exchange (the Colony of the Cape of Good Hope on the one hand and the Colony of Hong Kong on the other hand) shall ascertain that it owes the other a balance exceeding one hundred pounds (£100) sterling, the indebted country of exchange shall cause the approximate amount of such balance to be paid, in the manner above indicated, to the other country of exchange.

ARTICLE 18.

The Postal Administration in either country shall be authorised to adopt any additional rules, if not repugnant to the foregoing, for greater security against fraud or for the better working of the system generally. All such additional rules, however, must be communicated to the Postal Administration of the other country.

ARTICLE 19.

This Convention shall take effect on the 1st January, 1907, and shall continue in force until twelve months after either of the contracting countries shall have notified to the other its intention to terminate it.

Done in duplicate and signed at Hong Kong, the 22nd day of October, 1906.

MATHEW [illegible]
Governor.

VI. IX. The inspection and other treatment of consignments imposed by these regulations shall, save as herein accepted, take place on the premises provided by the Government for the purposes, but special arrangements may be made with the Secretary for Agriculture for the execution of all the provisions of Clauses VI., VII. and VIII., on the premises of the consignee or other place, when approved facilities are provided.

XI. Any article subject to examination under these Regulations which is introduced into the Colony by post may be intercepted and examined by an inspector, and if found infected with any injurious insect or plant disease shall be destroyed or cleansed at the discretion of the inspector. All expenses of treatment shall be paid by the addressee.

XII. On the inspector being satisfied with respect to a consignment that all the regulations and conditions herein set forth have been duly complied with, he shall issue a certificate to that effect to the consignee, and before the issue of such certificate the consignment shall be under the inspector's control for the purpose of these regulations.

XIII. The Government does not hold itself responsible for any loss or damage that may result from the destruction of articles under the provisions of these regulations or from any process or detention that may be considered necessary to cleanse or disinfect the articles or to discover the existence or otherwise of any injurious insect or plant disease.

In the High Court of Griqualand.

EDWARD THE SEVENTH by the Grace of God, of the United Kingdom of Great Britain and Ireland, and of the British Dominions beyond the Seas, King, Defender of the Faith.

To the Sheriff of the Colony of the Cape of Good Hope or his lawful Deputy.

GREETING!

WHEREAS upon the Petition of ABRAHAM GREENBERG, of Kimberley, REUBEN DOLD and JOHN CHILDS, trading as Dold & Childs, of Kimberley, JACOB HORWITZ and BARNEY HORWITZ, trading as Horwitz Brothers, of Beaconsfield, and JOSEPH SUSMAN, HYMAN JACOBS, and ELIAS GROSS, trading as Susman Jacobs & Company, of Kimberley, it appears to us that JACOB DREYER, MYER PEARL, and PHILIP SUSMAN, trading as the Colonial Meat Supply Company, Jacob Dreyer, and Dreyer & Pearl, at Kimberley and elsewhere (hereinafter called the Defendants), are justly and truly indebted to

(*a*) The said Abraham Greenberg in the sum of £478 3s. 10d., being £352 amount of a certain unpaid promissory note which fell due on the 18th August, 1906, and £126 3s. 10d., the balance remaining unpaid in respect of a certain cheque for £265 2s., dated 2nd December, 1906.

(*b*) The said Dold and Childs in the sum of £620, being the amount of a certain unpaid promissory note which fell due on the 6th day of September, 1906.

(*c*) The said Horwitz Brothers in the sum of £477 4s. 6d., being £288, £70 10s. 6d., £53 13s. 9d., and £40, the amounts of certain unpaid promissory notes which fell due on the 19th, 22nd, and 28th October, 1906, and the 3rd November, 1906, respectively, and £25 0s. 3d., the balance remaining unpaid in respect of certain live stock sold and delivered.

(*d*) The said Susman Jacobs & Company in the sum of £268 3s. 8d., being £160, the amount of a certain unpaid promissory note which fell due on the 8th September, 1906, and £108 3s. 8d., amount due for goods sold and delivered on the 19th July, 1906.

And whereas it further appears to us of record that at a meeting of Creditors of the said Defendants, held in Woodley Street Hall, Kimberley, on the 10th December, 1906, the said Jacob Dreyer admitted that the said Defendants were unable to meet their liabilities, and submitted financial statements shewing that the liabilities of the firm amounted to £25,810, and the assets to £7,485, leaving a deficiency in the estate of £18,324.

And whereas it further appears to us of record that an offer of compromise of 5s. 6d. in the £ was made to the Creditors, but declined.

And whereas it further appears to us of record that there are several unsatisfied judgments against the said Defendants.

And whereas it further appears to us of record that in consequence of the foregoing the said Defendants have committed an act of insolvency, and that their Estate is insolvent, and that it would be for the benefit of the Creditors of the estate that the same should be sequestrated.

And whereas it further appears to us of record that the said Abraham Greenberg, Dold and Childs, Horwitz Brothers, and Susman Jacobs & Company, reserved all rights of action that they may have against one Thomas Rodger, of Kimberley, who they had been informed and verily believe is a partner in equal shares with the said Jacob Dreyer, Myer Pearl, and Philip Susman in certain trading transactions carried on by them in the Cape Colony and German South-West Africa: Whereupon the said Abraham Greenberg, Dold and Childs, Horwitz Brothers, and Susman Jacobs & Company prayed that the estate of the said Defendants trading as aforesaid might be sequestrated for the benefit of the Creditors thereof.

And whereas it further appears to us of record that the Honourable Mr. Justice Lange, Acting Judge-President of Our said High Court of Griqualand, did, by an order under his hand, bearing date the 15th day of December, 1906, place the estate of the said Defendants, trading as aforesaid, under sequestration in the hands of the Master of the said High Court until the same should be thereafter adjudged to be sequestrated.

Now, therefore, we command you that you summon the said Jacob Dreyer, Myer Pearl, and Philip Susman, trading under the style of The Colonial Meat Supply Company, Jacob Dreyer, and Dreyer & Pearl, that they appear before Our Judges of Our said High Court of Griqualand, at Kimberley, on Tuesday, the 15th day of January, 1907, at 10 o'clock in the forenoon, to shew cause (if any) why their said Estate should not by sentence of Our said High Court of Griqualand be adjudged to be finally sequestrated for the benefit of their creditors, and serve on the said Defendants a copy of this Summons, and return you this Summons immediately after the service thereof with whatsoever you have done thereupon.

Witness:—The Honourable Johannes Henricus Lange, Acting Judge-President of Our said High Court of Griqualand, at Kimberley, this 15th day of December, in the year of Our Lord One Thousand Nine Hundred and Six (1906).

[1512.] [1906.]

Colonial Secretary's Office,
Cape Town, Cape of Good Hope,
10th December, 1906.

IT is hereby notified for general information that from and after 1st January, 1907, Explosives will be classified as detailed in the Schedule hereto, for the purposes of safer storage in magazines licensed by the Colonial Secretary under Section 16 of the Explosives Act, No. 4 of 1887.

The different classes will further be grouped as follows:—

Group 1—Explosives of Class 1 (Gunpowder), Class 2 (Nitrate-mixture), Class 3 (Nitro-compound), Class 4 (Chlorate-mixture), safety fuse belonging to the 1st Division of Class 6 (Ammunition), and such of the various explosives of the 2nd Division of Class 6 (Ammunition) as do not contain any exposed iron or steel.

Group 2.—Explosivies of the 1st Division of Class 6 (Ammunition).

Group 3.—Explosives of the 2nd Division of Class 6 (Ammunition) which contain any exposed iron or steel.

Group 4.—Explosives of the 3rd Division of Class 6 (Ammunition).

Group 5.—Explosives of Class 7 (Firework).

Any or all of the various kinds of explosives comprised in a group may be stored at the same time in a magazine licensed for that particular group.

Licences will specifically state the group which is authorised to be kept in the magazine in respect of which the licence is issued, and any explosives which may be found to be stored in a magazine licensed for a group in which such explosives are not included, will be held to be stored in an unauthorised place, and the holder of the licence dealt with according to law.

NOEL JANISCH,
Under Colonial Secretary.

Schedule.

CLASSIFICATION OF EXPLOSIVES.

Class 1	Gunpowder.
Class 2	Nitrate Mixture.
Class 3	Nitro-Compound.
Class 4	Chlorate Mixture.
Class 5	Fulminate.
Class 6	Ammunition.
Class 7	Firework.

And when an Explosive falls within the description of more than one class it shall be deemed to belong exclusively to the latest of the classes within the description of which it falls.

Class 1—*Gunpowder Class.*

The term "Gunpowder" means exclusively gunpowder ordinarily so called.

Class 2—*Nitrate-mixture Class.*

The term "Nitrate-mixture" means any preparation, other than gunpowder ordinarily so called, formed by the mechanical mixture of a nitrate with any form of carbon or with any carbonaceous substance not possessed of explosive properties, whether sulphur be or be not added to such preparation, and whether such preparation be or be not mechanically mixed with any other non-explosive substance.

The Nitrate-mixture class comprises such explosives as:—

Ammonal,
Chilworth Special Powder,
Dahmenite,
Westfalite,
Pembrite,

and any preparation coming within the above definition.

Class 3—*Nitro-compound Class.*

The term "Nitro-compound" means any chemical compound possessed of explosive properties, or capable of combining with metals to form an explosive compound, which is produced by the chemical action of Nitric Acid (whether mixed or not with sulphuric acid) or of a nitrate mixed with sulphuric acid upon any carbonaceous substance, whether such compound is mechanically mixed with other substances or not.

The Nitro-compound class has two divisions.

Division 1 comprises such explosives as:—

Nitro-glycerine,
Dynamite,
Blasting gelatine,
Ballistite,
Cordite,
Kynite,
Phoenix powder,
Lig-dyn,

and any chemical compound or mechanically mixed preparation which consists either wholly or partly of nitro-glycerine or of some other liquid nitro-compound.

Division 2 comprises such explosives as:—

Nitro-cotton,
Nitro Lignin,
Bellite,
Cannonite,
Amberite,
Goopals powder,
Roburite,
Picric Acid and Picrates,
Tonite,
Walsrode powder,
Maganite,

and any nitro-compound as before defined, which is not comprised in the first division.

Class 4—*Chlorate-mixture Class.*

The term "Chlorate-mixture" means any explosive containing a chlorate.

The chlorate-mixture class has two divisions.

Division 1 comprises any chlorate preparation which consists partly of nitro-glycerine or of some other liquid nitro-compound.

Division 2 comprises such explosives as:—

Cheddite,
Nobels explosive No. 256,

and any chlorate-mixture as before defined, which is not comprised in the first division.

Class 5—*Fulminate Class.*

The term "Fulminate" means any chemical compound or mechanical mixture, whether included in the foregoing classes or not, which, from its great susceptibility to detonation, is suitable for employment in percussion caps or any other appliances for developing detonation, or which, from its extreme sensibility to explosion, and from its great instability (that is to say, readiness to undergo decomposition from very slight exciting causes), is especially dangerous.

This class consists of two divisions.

Division 1 comprises such compounds as the fulminates of silver and of mercury, and preparations of these substances, such as are used in percussion caps; and any preparation consisting of a mixture of a chlorate with phosphorus, or certain descriptions of phosphorus compounds, with or without the addition of carbonaceous matter, and any preparation consisting of a mixture of a chlorate with sulphur, or with a sulphuret, with or without carbonaceous matter.

Division 2 comprises such substances as the chloride and the iodide of nitrogen, fulminating gold and silver, diazobenzol, and the nitrate of diazobenzol.

Class 6—*Ammunition Class.*

The term "ammunition" means an explosive of any of the foregoing classes when enclosed in any case or contrivance, or otherwise adapted or prepared so as to form a cartridge or charge for small arms, cannon, or any other weapon, or for blasting, or to form any safety or other fuse for blasting or for shells, or to form any tube for firing explosives, or to form a percussion cap, a detonator, a fog signal, a shell, a torpedo, a war rocket, or other contrivance other than a firework.

The term "percussion cap" (*b*) does not include a detonator.

The term "detonator" (*b*) means a capsule or case which is of such strength and construction, and contains an explosive of the fulminate-explosive class in such quantity that the explosion of one capsule or case will communicate the explosion to other like capsules or cases.

The term "safety fuse" means a fuse for blasting which burns and does not explode, and which does not contain its own means of ignition, and which is of such strength and construction and contains an explosive in such quantity that the burning of such fuse will not communicate laterally with other like fuses.

The ammunition class has three divisions.

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

Division 1 comprises exclusively :—
Safety cartridges,
Safety fuses for blasting,
Safety instantaneous fuses,
Fog signals,
Percussion caps.

Division 2 comprises any ammunition as before defined which does not contain its own means of ignition, and is not included in Division 1, such as :—
Cartridges for small arms, which are not safety cartridges,
Catrridges and charges for cannon, shells, mines, blasting or other like purposes,
Shells and torpedoes containing any explosives,
Fuses for blasting which are not safety fuses,
Fuses for shells,
Tubes for firing explosives,
War rockets,
Electric primers,
Instantaneous fuses,
which do not contain their own means of ignition.

Division 3 comprises any ammunition as before defined which contains its own means of ignition, and is not included in Division 1, such as :—
Detonators,
Cartridges for small arms, which are not safety cartridges,
Fuses for blasting, which are not safety fuses,
Fuses for shells,
Tubes for firing explosives,
which do contain their own means of ignition.

By ammunition containing its own means of ignition is meant ammunition having an arrangement, whether attached to it or forming part of it, which is adapted to explode or fire the same by friction or percussion.

Class 7—Firework Class.

The term "firework" comprises firework composition and manufactured fireworks.

Division 1.—The term "firework composition" means any chemicial compound or mechanically mixed preparation of an explosive or inflammable nature which is used for the purpose of making manufactured fireworks, and is not included in the former classes of explosives, and also any star and any coloured fire composition, subject to the proviso hereinafter set forth.

Division 2.—The term "manufactured firework" (*b*) means any explosive of the foregoing classes, and any firework composition when such explosive or composition is enclosed in any case or contrivance, or is otherwise manufactured so as to form a squib, cracker, serpent, rocket (other than a war rocket), maroon, lance, wheel, Chinese fire, Roman candle, or other article specially adapted for the production of pyrotechnic effects or pyrotechnic signals or sound signals (*a*).

Provided that a substantially constructed and hermetically closed metal case, containing not more than 1 lb. of coloured fire composition, of such a nature as not to be liable to spontaneous ignition, shall be deemed to be a "manufactured firework."

Landmeter-Generaals Kantoor,

Kaapstad, 5 December 1906.

OVEREENKOMSTIG artikel II., Wet No. 15 van 1887, zooals geamendeerd door artikels IV., V., en VI., van Wet No. 40 van 1895, wordt hiermede ter algemeene informatie bekend gemaakt dat de volgende Erven bij publieke veiling te koop aangeboden zullen worden voor het Kantoor van den Civielen Commissaris, Calvinia, om 10 uur v.m., op Woensdag, 13 Februari 1907, onderhevig aan de voorwaarden en bepalingen in bovengemelde wet en de algemeene koop-condities uiteengezet, en verder aan zulke voorwaarden als op den verkoopdag mogen genoemd worden.

Geen persoon of maatschappij mag meer dan twee (2) *Bouw Perceelen of twee* (2) *Landbouw Perceelen koopen, evenmin mag hij Perceelen aldus gekocht verkoopen aan iemand die reeds de houder is van twee Bouw Perceelen of twee Landbouw Perceelen.*

Ieder Lot zal te koop geboden worden tegen den vastgezetten inzetprijs, en de hoogste bieder, die niet minder dan dien inzetprijs zal geboden hebben, zal de kooper verklaard worden, en zoodanige kooper zal de keus hebben of het geheel of een deel van de koopsom op den koopdag te betalen: Mit dien verstande:

(i) Dat, als geene betaling geschiedt op den koopdag een-tiende van den koopprijs betaald worden zal op zes maanden en een-tiende op twaalf maanden, gerekend van den verkoopdag.

(ii) Dat, als minder dan een-tiende van den koopsom op den koopdag betaald wordt, het overige van zulk een-tiende betaald worden zal na verloop van zes maanden, en het andere een-tiende na verloop van twaalf maanden, gerekend van den verkoopdag.

(iii) Dat, als het bedrag betaald op den verkoopdag het een-tiende zijn zal of eenige som tusschen een-tiende en een-vijfde deel van de koopsom, het overige van een-vijfde van de koopsom betaald worden zal na verloop van twaalf maanden, gerekend van den koopdag.

(iv) In geval de koopsom minder dan vijf-en-twintig ponden zal zijn, zal het geheele bedrag kontant of in gelijke deelen betaald worden over een tijd van drie (3) jaren.

Als de kooper of diens borgen feilen, of niet in staat zijn de noodige betalingen van de koopsom als bovengenoemd binnen de gestelden tijd te doen, zal de Regeering het recht hebben den koop nietig te verklaren, en alle betalingen reeds gedaan ten opzichte van dien koop, zullen aan de Regeering vervallen.

Indien de koopprijs £25 of meer is, is de kooper verplicht een verband te passeeren, gevende interest tegen vier per cent. per jaar, ten gunste van het Gouvernement voor vier-vijfde van den koopsom, tenzij hij op den koopdag meer dan een-vijfde daarvan betaald hebben zal, in welk geval het bedrag van het verband voor de balans van den koopsom zijn zal, hebbende de kooper het recht het verband of eenig deel daarvan, zijnde niet minder dan vijftig ponden in eens, af te betalen.

Mocht de kooper de balans van de koopsom op verband willen houden, als bovenvermeld, zal hij het verband moeten passeeren binnen dertien (13) maanden van den koopdag, in gebreke waarvan een boete van een shilling opgelegd worden zal voor iederen dag, die daarboven voorbijgegaan is tot op achttien maanden van den datum der verkooping; na welken tijd, mocht er nog geen verband gepasseerd zijn, de balans van de koopsom, met interest daarop, en het bedrag van de boete, aldus opgelegd, zoo er eenige is, terstond vervallen zal en betaald zal moeten worden en in ieder bevoegd gerechtshof zonder verdere kennisgeving opgevorderd zal worden; en indien niet binnen een maand na datum van vonnis betaald, zal de koop van nul en geene waarde worden, en reeds gedane betalingen zullen aan de Regeering vervallen.
